I am trying to locate the plot of my uncle Joseph Acolia who was buried in your cemetery after he died on April 29, 1930. I have only been told that it is next to an "Iero" family plot. Is it possible to locate this plot for me on a map or drawing so I can visit it when I return to Trenton?

Thank you very much.

Sincerely,

*Dr. Brian A. Smith*

Thank you so much for the information on my uncle, Joseph Acolia. I had neglected to ask, at that time, about my grandfather Raffali Acolia. If you have any record of his burial, I would appreciate knowing the date and the plot number if possible. And also in the Acolia family are my Uncle Anthony and Aunt Emelia Acolia, if you have any dates or plot numbers, that information would be greatly appreciated.

One other item you may be able to help with concerns the plot of my "other set" of grandparents, Joseph and Mary Matelena. Can you tell me how many graves there are in that plot (Sect. K, Lot 110 B). I know that, besides Joseph and Mary, their daughter Katherine Acolia was buried there in 1928, I believe. Could you let me know the date of Katherine's death/burial?

With all these questions, I'll owe you a big ice cream cone or something when I return to NJ in November.

Thanks!

Sincerely,

Dr. Brian A. Smith
